Our focus is on:

- Creating real value through the relationships that we facilitate, for members and for both nations' economies
- Working closely with governments and institutions

Our Partner members gain multiple benefits:

- Closer links with the Norwegian cross-industry business community in Great Britain and in Norway, in ways that help to develop in-depth understanding of British and Norwegian business cultures and dynamics
- Prominent placement of your company logo on NBCC's website and all correspondence as a part of the signature strip
- Qualify to apply for a seat on the NBCC Council, helping set the tone and direction of the Chamber

- Exclusive meeting with the Norwegian Ambassador to the UK when joining
- A seat on the Leaders Forum - alongside the Norwegian Ambassador - for two of your company's executive management team, with tailormade topical luncheons or dinners
- Access to Young Professional network where your under-35s automatically can enrol, connecting those in the earlier stages of their careers in a professional community, as well as a series of student careers events
- Special member offers around our events, and discounts on products and services offered by some of our members*

These events range from industry-leading conferences to networking platforms, webinars and social get-togethers, and are held in Aberdeen, Edinburgh, London, the North East and the North West of Britain, as well as in Norway. With topics curated by both NBCC and members, these events provide a platform for Norwegian and British businesses to gain exposure to potential customers, distributors, partners and industry influencers.

As a Partner member you are invited to significantly contribute to the events and conference programme.
